

# Pretty pretty flower scarf tutorial

## **materials:**

size G hook

ww yarn (I used caron simply soft)

**for this tutorial I used a larger size hook & yarn**

## STEP 1

chain 6, sl st to form a ring, then chain 3:

next you're gonna put 2 double crochets, then chain 3,  
then slip stitch all in the next chain over (this is your first petal):

~ 2 double crochets:

~then chain 3:

~then sl st into same stitch:

Ta-Da!! First flower petal made!!!!  
Now let's make another one!

Again, you're gonna chain 3, then do 2 double crochet, chain 3, and sl st all into the next chain over:

**STEP 2:**  
chain 17:

then sl st into the 6<sup>th</sup> chain from your hook to make another ring:

and now just like in step 1, you're gonna chain 3 and then 2dc, chain 3, sl st into the next chain over in the ring **2 times**:

now continue step 1 and 2 for as long as you want your scarf to be, then it's time to turn back around!

### STEP 3:

To turn around all you have to do is crochet 2 more petals onto the last flower you just made, so just do the whole chain 3, then 2dc, chain 3, sl st into next chain **2 more times** (4 times total)

then chain 5, sl st into the 5<sup>th</sup> chain of the ch-17, then chain 6, and sl st into the next space on the flower.

### STEP 4:

now chain 5, then sl st into the 5<sup>th</sup> chain down on the ch-17, then chain 6, and sl st into the next flower. Now you get to crochet 2 more petals onto the flower (**repeat step 3**) all the way to the end of the scarf to finish it!!!

### STEP 5:

Enjoy scarf!!!!
